## Subject Index

### Academic Health Centers

Financial and organizational turmoil in the academic health center: is it a crisis or an opportunity for medical education? Kirch DG. January-February 5-8

Leadership: from a psychiatric to an institutional perspective. Broquet KE. July-August 289-291

Philanthropy, ethics, and leadership in academic psychiatry (editorial). Roberts LW, Coverdale J, Louie AK. July-August 269-272

### Academic Psychiatrists

Advice for chairs of academic departments of psychiatry: the "ten commandments." Winstead DK. July-August 298-300

Clinical habits and the psychiatrist: an adult developmental model focusing on the academic psychiatrist (commentary). Bourgeois JA, Servis M. September-October 365-371

Committing to medical student education (editorial). Roberts LW, Coverdale J, Louie A. March-April 93-94

Consultation-liaison psychiatrists on bioethics commitments: opportunities for academic leadership. Geppert CMA, Cohen MA. September-October 416-421

The ethical commitments of academic faculty in psychiatric education. Green SA. January-February 48-54

Financial and organizational turmoil in the academic health center: is it a crisis or an opportunity for medical education? Kirch DG. January-February 5-8

Leadership: from a psychiatric to an institutional perspective. Broquet KE. July-August 289-291

Leadership for psychiatrists. Greiner CB. July-August 283-288

Medical education and the pharmaceutical industry: managing an uneasy alliance (commentary). Jibson MD. January-February 36-39

The pharmaceutical role (commentary). Chan CH. January-February 45-47

Practical knowledge for academic psychiatrists. Edenharter K. May-June 238

Psychiatrists as leaders in academic medicine (commentary). Robinowitz CB. July-August 273-278

Recruiting and rewarding faculty for medical student teaching. Pessar LF, Levine RE, Bernstein CA, Cabaniss DS, Dickstein LJ, Graff SV, Hales DJ, Nadelson C, Robinowitz CB, Scheiber SC, Jones PM, Silberman EK. March-April 126-129

Reflections on leadership as chair of a department of psychiatry. Buckley PF. July-August 309-314

The role of the pharmaceutical industry in medical education in psychiatry (commentary). Lazarus A. January-February 40-44

The seven deadly sins of academic chairs. Wilson DR. July-August 304-308

A tool kit for new chairs. Munro S. July-August 301-303

The tripartite mission of an academic psychiatry department and the roles of the chair. Meyer RE. July-August 292-297

What do you need to know about leadership? Pato MT. July-August 281-282

Women chairs in psychiatry: a collective reflection. Vaidya NA. July-August 315-318

Work-family balance and academic advancement in medical schools. Fox G, Schwartz A, Hart KM. May-June 227-234

# Academic Psychiatry

A cautionary tale: on becoming an "unmasked" reviewer (letter). Levine RE. May-June 263-264

Reshaping our educational experiences (commentary). Kennedy RS, Kramer TAM. November-December 442-443

# American Psychiatric Association (APA)

APA Summit on Medical Student Education Task Force on Informatics and Technology: learning about computers and applying computer technology to education and practice. Hilty DM, Hales DJ, Briscoe G, Benjamin S, Boland RJ, Luo JS, Chan CH, Kennedy RS, Karlinsky H, Gordon DB, Yager J, Yellowlees PM. January-February 29-35

APA Summit on Medical Student Education Task Force on Informatics and Technology: steps to enhance the use of technology in education through faculty development, funding and change management. Hilty DM, Benjamin S, Briscoe G, Hales DJ, Boland RJ, Luo JS, Chan CH, Ken-

nedy RS, Karlinsky H, Gordon DB, Yellowlees PM, Yager J. November-December 444-450

# Asperger's Disorder

Napoleon Dynamite: Asperger's disorder or geek NOS? Levin HW, Schlozman S. September-October 430-435

# Assessment

An approach to address grade inflation in a psychiatry clerkship. Roman BJB, Trevino J. March-April 110-115

Assessing the ACGME competencies in psychiatry training programs. Swick S, Hall S, Beresin E. July-August 330-351

Assessing the ACGME competencies in psychiatry training programs (commentary). Mennin S. July-August 279-280

Assessment of clinical skills using simulator technologies. Srinivasan M, Hwang JC, West D, Yellowlees PM. November-December 505-515

Clinical grading in psychiatric clerkships. Briscoe GW, Carlson DL, Arcand LF, Levine RE, Cohen MJ. March-April 104-109

"How am I doing?": many problems but few solutions related to feedback delivery in undergraduate psychiatry education. McIlwrick J, Nair B, Montgomery G. March-April 130-135

Inter-site consistency at a multi-site psychiatry clerkship. von Schlageter MS, Park EM, Tucker P. July-August 356-359

The junior medical student psychiatry clerkship: curriculum, attitudes, and test performance. Niedermier JA, Bornstein R, Brandemuhl A. March-April 136-143

Online resources for assessment and evaluation. Benjamin S, Robbins LI, Kung S. November-December 498-504

Timing bias in the psychiatry subject examination of the National Board of Medical Examiners. Manley M, Heiss G. March-April 116-119

Utilization of a formative evaluation card in a psychiatry clerkship. Bennett AJ, Goldenhar LM, Stanford K. July-August 319-324

# Association for Academic Psychiatry (AAP)

Acoustics (AAP contest winner). Hackethal V. January-February 80-82

The first annual AAP Humanism in Medicine medical student essay contest. Burruss JW. January-February 79

# Attitudes/Perceptions

Attitudes and perceptions toward depression and schizophrenia among residents in different medical specialties (letter). Chin SH, Balon R. May-June 262-263

The junior medical student psychiatry clerkship: curric-

ulum, attitudes, and test performance. Niedermier JA, Bornstein R, Brandemihl A. March-April 136-143

Students' and residents' perceptions regarding technology in medical training. Briscoe GW, Fore Arcand LG, Lin T, Johnson J. November-December 470-479

#### Body Image

Body image, media, and eating disorders. Derenne JL, Beresin EV. May-June 257-261

#### Books Reviewed

Kay J, Silberman EK, Pessar LF: Handbook of Psychiatric Education, Lomax JW II. September-October 426-429

#### Burnout

Comparison of burnout among medical residents before and after the implementation of work hours limits. Martini S, Arfken CL, Balon R. July-August 352-355

#### Career Choice

Choosing a career in psychiatry: influential factors within a medical school program. Manassis K, Katz M, Lofchy J, Wiesenthal S. July-August 325-329

Medical students' perceptions of psychiatry as a career choice. Cutler JL, Alspector SL, Harding KJ, Wright LL, Graham MJ. March-April 144-149

#### Chair of Department of Psychiatry

Advice for chairs of academic departments of psychiatry: the "ten commandments." Winstead DK. July-August 298-300

Reflections on leadership as chair of a department of psychiatry. Buckley PF. July-August 309-314

The seven deadly sins of academic chairs. Wilson DR. July-August 304-308

A tool kit for new chairs. Munro S. July-August 301-303

The tripartite mission of an academic psychiatry department and the roles of the chair. Meyer RE. July-August 292-297

What do you need to know about leadership? Pato MT. July-August 281-282

Women chairs in psychiatry: a collective reflection. Vaidya NA. July-August 315-318

#### Change Management

APA Summit on Medical Student Education Task Force on Informatics and Technology: steps to enhance the use of technology in education through faculty development, funding and change management. Hilty DM, Benjamin S, Briscoe G, Hales DJ, Boland RJ, Luo JS, Chan CH, Kennedy RS, Karlinsky H, Gordon DB, Yellowlees PM, Yager J. November-December 444-450

Considerations in change management related to tech-

nology. Luo JS, Hilty DM, Worley LL, Yager J. November-December 465-469

#### Child and Adolescent Psychiatry

Body image, media, and eating disorders. Derenne JL, Beresin EV. May-June 257-261

Choosing a child and adolescent psychiatry residency. Schlozman S, Althoff R, Caplan J, Derenne J, Levin H, Newberry P, Rubin D, Strange M, Wood W, Beresin E. May-June 248-256

A research agenda concerning depictions of mental illness in children's media. Coverdale JH, Nairn R. January-February 83-87

#### Clerkship. See also Medical Student Training

An approach to address grade inflation in a psychiatry clerkship. Roman BJB, Trevino J. March-April 110-115

Choosing a career in psychiatry: influential factors within a medical school program. Manassis K, Katz M, Lofchy J, Wiesenthal S. July-August 325-329

Clinical grading in psychiatric clerkships. Briscoe GW, Carlson DL, Arcand LF, Levine RE, Cohen MJ. March-April 104-109

Determining, monitoring and verifying patient-student involvement (ED-2) in a psychiatry clerkship: preliminary findings. Pary RJ, Becker SL. September-October 397-402

Inter-site consistency at a multi-site psychiatry clerkship. von Schlageter MS, Park EM, Tucker P. July-August 356-359

The junior medical student psychiatry clerkship: curriculum, attitudes, and test performance. Niedermier JA, Bornstein R, Brandemihl A. March-April 136-143

The psychiatry clerkship: a position statement on the length of the psychiatry clerkship. Association of Directors of Medical Student Education in Psychiatry. March-April 103

Teaching medical students about personality disorders and psychotherapeutic principles: a resident pilot initiative (letter). Ghatavi K, Waisman Z. March-April 178-179

Timing bias in the psychiatry subject examination of the National Board of Medical Examiners. Manley M, Heiss G. March-April 116-119

Use of clerkship learning objectives by members of the Association of Directors of Medical Student Education in Psychiatry. Brodkey AC, Sierles FS, Woodard JL. March-April 150-157

Use of standardized patients during a psychiatry clerkship. Bennett AJ, Arnold LM, Welge JA. May-June 185-190

Utilization of a formative evaluation card in a psychiatry

clerkship. Bennett AJ, Goldenhar LM, Stanford K. July-August 319-324

# Clinical Skills

Assessment of clinical skills using simulator technologies. Srinivasan M, Hwang JC, West D, Yellowlees PM. November-December 505-515

Clinical grading in psychiatric clerkships. Briscoe GW, Carlson DL, Arcand LF, Levine RE, Cohen MJ. March-April 104-109

Use of standardized patients during a psychiatry clerkship. Bennett AJ, Arnold LM, Welge JA. May-June 185-190

Virtual reality, telemedicine, web, and data processing innovations in medical and psychiatric education and clinical care. Hilty DM, Alverson DC, Alpert JE, Tong L, Sagduy K, Boland RJ, Mostaghimi A, Leamon ML, Fidler D, Yellowlees PM. November-December 528-533

# Cognitive Therapy

The screening role of an introductory course in cognitive therapy training. Pehlivanidis A, Papanikolaou K, Politis A, Liossi A, Daskalopoulou E, Gournellis R, Soldatos M, Papakosta VM, Zervas I, Papakostas YG. May-June 196-199

# Competency

Assessing the ACGME competencies in psychiatry training programs. Swick S, Hall S, Beresin E. July-August 330-351

Assessing the ACGME competencies in psychiatry training programs (commentary). Mennin S. July-August 279-280

Family skills for general psychiatry residents: meeting ACGME core competency requirements. Berman EM, Heru AM, Grunebaum H, Rolland J, Wood B, Bruty H. January-February 69-78

Mental health disparities, diversity, and cultural competence in medical student education: how psychiatry can play a role. Lu FG, Primm A. January-February 9-15

Use of standardized patients during a psychiatry clerkship. Bennett AJ, Arnold LM, Welge JA. May-June 185-190

Visualizing the future: technology competency development in clinical medicine, and implications for medical education. Srinivasan M, Keenan CR, Yager J. November-December 480-490

# Computer-Assisted Learning. See Technology

# Continuing Medical Education

Lifelong learning: skills and online resources. Lim RF, Hsiung BC, Hales DJ. November-December 540-547

# Culture

Mental health disparities, diversity, and cultural competence in medical student education: how psychiatry can play a role. Lu FG, Primm A. January-February 9-15

# Curriculum

Commentary on "a neurosciences-in-psychiatry curriculum project for medical students." Sierles FS. March-April 101-102

A concise conceptualization of formulation. Mellso GW, Banzato CEM. September-October 424-425

A developmental model for enhancing research training during psychiatry residency. Gilbert AR, Tew JD Jr, Reynolds CF III, Pincus HA, Ryan N, Nash K, Kupfer DJ. January-February 55-62

The junior medical student psychiatry clerkship: curriculum, attitudes, and test performance. Niedermier JA, Bornstein R, Brandemuhl A. March-April 136-143

A neural systems-based neurobiology and neuropsychiatry course: integrating biology, psychodynamics, and psychology in the psychiatric curriculum. Lacy T, Hughes JD. September-October 410-415

A neurosciences-in-psychiatry curriculum project for medical students. Dunstone DC. March-April 166-169

Psychiatry in medicine: five years of experience with an innovative required fourth-year medical school course. Halperin PJ. March-April 120-125

Trends in undergraduate medical education: clinical clerkship learning objectives. Burke MJ, Brodkey AC. March-April 158-165

Use of clerkship learning objectives by members of the Association of Directors of Medical Student Education in Psychiatry. Brodkey AC, Sierles FS, Woodard JL. March-April 150-157

Writing the methods (editorial). Coverdale J, Roberts L, Louie A, Beresin E. September-October 361-364

From Yoda to Sackett: the future of psychiatry medical student education. Thornhill JT IV, Tong L. January-February 23-28

# Depression

An evaluation of depressed mood in two classes of medical students. Levine RE, Litwins SD, Frye AW. May-June 235-237

Attitudes and perceptions toward depression and schizophrenia among residents in different medical specialties (letter). Chin SH, Balon R. May-June 262-263

# Dialectical Behavior Therapy

Practice of dialectical behavior therapy after psychiatry residency. Frederick JT, Comtois KA. January-February 63-68

# Down to Earth (column)

Applying to psychiatry residency programs. Bak MK, Louie AK, Tong LD, Coverdale J, Roberts LW. May-June 239-247

Choosing a child and adolescent psychiatry residency. Schlozman S, Althoff R, Caplan J, Derenne J, Levin H, Newberry P, Rubin D, Strange M, Wood W, Beresin E. May-June 248-256

Practical knowledge for academic psychiatrists. Edenharder K. May-June 238

#### **Eating Disorders**

Body image, media, and eating disorders. Derenne JL, Beresin EV. May-June 257-261

Applying to psychiatry residency programs. Bak MK, Louie AK, Tong LD, Coverdale J, Roberts LW. May-June 239-247

Assessing the ACGME competencies in psychiatry training programs. Swick S, Hall S, Beresin E. July-August 330-351

Assessing the ACGME competencies in psychiatry training programs (commentary). Mennin S. July-August 279-280

Choosing a child and adolescent psychiatry residency. Schlozman S, Althoff R, Caplan J, Derenne J, Levin H, Newberry P, Rubin D, Strange M, Wood W, Beresin E. May-June 248-256

Comparison of burnout among medical residents before and after the implementation of work hour limits. Martini S, Arfken CL, Balon R. July-August 352-355

A developmental model for enhancing research training during psychiatry residency. Gilbert AR, Tew JD Jr, Rey-

nolds CF III, Pincus HA, Ryan N, Nash K, Kupfer DJ. January-February 55-62

Electronic medical records and their impact on resident and medical student education. Keenan CR, Nguyen HH, Srinivasan M. November-December 522-527

Emotional intelligence and psychiatric training (editorial). Louie AK, Coverdale J, Roberts LW. January-February 1-3

Family skills for general psychiatry residents: meeting ACGME core competency requirements. Berman EM, Heru AM, Grunebaum H, Rolland J, Wood B, Bruty H. January-February 69-78

Formal training in women's issues in psychiatry: a survey of psychiatry residency training directors. Gold LH, Epstein SA. September-October 403-409

Implementing interpersonal psychotherapy in a psychiatry residency training program. Lichtmacher J, Eisen-drath SJ, Haller E. September-October 385-391

A neural systems-based neurobiology and neuropsychiatry course: integrating biology, psychodynamics, and psychology in the psychiatric curriculum. Lacy T, Hughes JD. September-October 410-415

Practice of dialectical behavior therapy after psychiatry residency. Frederick JT, Comtois KA. January-February 63-68

The problem of the psychopharmacologist. Kontos N, Querques J, Freudenreich O. May-June 218-226

The screening role of an introductory course in cognitive therapy training. Pehlivanidis A, Papanikolaou K, Politis A, Liossi A, Daskalopoulou E, Gournellis R, Soldatos M, Papakosta VM, Zervas I, Papakostas YG. May-June 196-199

Through the golden chalkboard: twelve teaching pearls on the teaching-learning process in psychiatry. Glick ID, Borus JF. September-October 422-423

Training in tobacco treatments in psychiatry: a national survey of psychiatry residency training directors. Prochaska JJ, Fromont SC, Louie AK, Jacobs MH, Hall SM. September-October 372-378

# Residents

Attitudes and perceptions toward depression and schizophrenia among residents in different medical specialties (letter). Chin SH, Balon R. May-June 262-263

To commit or not to commit: the psychiatry resident as a variable in involuntary commitment decisions. Sattar SP, Pinals DA, Din AU, Appelbaum PS. May-June 191-195

Do the personalities of international and U.S. medical graduates in psychiatry differ? a preliminary study. Vaidya

N, Sierles FS, Sandu IC, Silberman EK. March-April 174-177

Students' and residents' perceptions regarding technology in medical training. Briscoe GW, Fore Arcand LG, Lin T, Johnson J, Rai A, Kollins K. November-December 470-479

Teaching medical students about personality disorders and psychotherapeutic principles: a resident pilot initiative (letter). Ghatavi K, Waisman Z. March-April 178-179

# Schizophrenia

Attitudes and perceptions toward depression and schizophrenia among residents in different medical specialties (letter). Chin SH, Balon R. May-June 262-263

# Smoking/Tobacco Use

Training in tobacco treatments in psychiatry: a national survey of psychiatry residency training directors. Prochaska JJ, Fromont SC, Louie AK, Jacobs MH, Hall SM. September-October 372-378

# Standardized Patients

Gender bias in the diagnosis of a geriatric standardized patient: a potential confounding variable. Lewis R, Laman RM, Wald D, Curtis M. September-October 392-396

Use of standardized patients during a psychiatry clerkship. Bennett AJ, Arnold LM, Welge JA. May-June 185-190

# Stigmatization of Mental Illness

Attitudes and perceptions toward depression and schizophrenia among residents in different medical specialties (letter). Chin SH, Balon R. May-June 262-263

# Teaching

Getting our own house in order: improving psychiatry education to medical students as a prelude to medical school education reform. Alpert JE, Schlozman S, Badaracco MA, Burke J, Borus JF. March-April 170-173

Pedagogy and educational technologies of the future (commentary). Yellowlees PM, Marks S. November-December 439-441

Recruiting and rewarding faculty for medical student teaching. Pessar LF, Levine RE, Bernstein CA, Cabaniss DS, Dickstein LJ, Graff SV, Hales DJ, Nadelson C, Robinson CB, Scheiber SC, Jones PM, Silberman EK. March-April 126-129

Teaching medical students about personality disorders and psychotherapeutic principles: a resident pilot initiative (letter). Ghatavi K, Waisman Z. March-April 178-179

Through the golden chalkboard: twelve teaching pearls on the teaching-learning process in psychiatry. Glick ID, Borus JF. September-October 422-423

# Technology

APA Summit on Medical Student Education Task Force on Informatics and Technology: learning about computers and applying computer technology to education and practice. Hilty DM, Hales DJ, Briscoe G, Benjamin S, Boland RJ, Luo JS, Chan CH, Kennedy RS, Karlinsky H, Gordon DB, Yager J, Yellowlees PM. January-February 29-35

APA Summit on Medical Student Education Task Force on Informatics and Technology: steps to enhance the use of technology in education through faculty development, funding and change management. Hilty DM, Benjamin S, Briscoe G, Hales DJ, Boland RJ, Luo JS, Chan CH, Kennedy RS, Karlinsky H, Gordon DB, Yellowlees PM, Yager J. November-December 444-450

Assessment of clinical skills using simulator technologies. Srinivasan M, Hwang JC, West D, Yellowlees PM. November-December 505-515

Reshaping our educational experiences (commentary). Kennedy RS, Kramer TAM. November-December 442-443

Considerations in change management related to technology. Luo J, Hilty DM, Worley LL, Yager J. November-December 465-469

E-learning systems: promises and pitfalls. Chan CH, Robbins LI. November-December 491-497

Education about hallucinations using an Internet virtual reality system: a qualitative survey. Yellowlees PM, Cook JN. November-December 534-539

Electronic medical records and their impact on resident and medical student education. Keenan CR, Nguyen HH, Srinivasan M. November-December 522-527

Lifelong learning: skills and online resources. Lim RE, Hsiung BC, Hales DJ. November-December 540-547

Online resources for assessment and evaluation. Benjamin S, Robbins LI, Kung S. November-December 498-504

Pedagogy and educational technologies of the future (commentary). Yellowlees PM, Marks S. November-December 439-441

Personal digital assistants in psychiatric education. Luo J, Ton H. November-December 516-521

The present and the future interface of technology and

medical education. Hilty DM, Hales DJ, Gordon DB, Alpert JE, Yellowlees PM. November-December 437-438

Students' and residents' perceptions regarding technology in medical training. Briscoe GW, Fore Arcand LG, Lin T, Johnson J. November-December 470-479

Technology as an instrument to improve quality, accountability, and reflection in academic medicine. Wilkes MS, Howell L. November-December 456-464

Virtual reality, telemedicine, web, and data processing innovations in medical and psychiatric education and clinical care. Hilty DM, Alverson DC, Alpert JE, Tong L, Sagduyu K, Boland RJ, Mostaghimi A, Leamon ML, Fidler D, Yellowlees PM. November-December 528-533

Visualizing the future: technology competency development in clinical medicine, and implications for medical education. Srinivasan M, Keenan CR, Yager J. November-December 480-490

## Virtual Reality

Education about hallucinations using an Internet virtual reality system: a qualitative survey. Yellowlees PM, Cook JN. November-December 534-539

Virtual reality, telemedicine, web, and data processing innovations in medical and psychiatric education and clinical care. Hilty DM, Alverson DC, Alpert JE, Tong L, Sagduyu K, Boland RJ, Mostaghimi A, Leamon ML, Fidler D, Yellowlees PM. November-December 528-533

## Women

Formal training in women's issues in psychiatry: a survey of psychiatry residency training directors. Gold LH, Epstein SA. September-October 403-409

Gender bias in the diagnosis of a geriatric standardized patient: a potential confounding variable. Lewis R, Lamdan RM, Wald D, Curtis M. September-October 392-396

Women chairs in psychiatry: a collective reflection. Vaidya NA. July-August 315-318

Work-family balance and academic advancement in medical schools. Fox G, Schwartz A, Hart KM. May-June 227-234

## Work-Hour Guidelines

Comparison of burnout among medical residents before and after the implementation of work hour limits. Martini S, Arfken CL, Balon R. July-August 352-355

## CORRECTION:

Volume 30, Number 4, July/August 2006
